

# Gleichungen

## *Gleichung mit Variable*

769,68 €

583,23 € Paul

Paul

?

Paul's Vater

769,68 = 583,23 + x

The diagram illustrates a word problem. On the left, a laptop is shown with the price '769,68 €' above it. In the center, a red piggy bank is shown with the price '583,23 €' above it and the name 'Paul' next to it. On the right, a man labeled 'Paul's Vater' is shown with a stack of gold coins and a question mark above him. Below the illustrations, the equation  $769,68 = 583,23 + x$  is written, where the numbers correspond to the prices shown in the image.
